# Welcome to the 14th Annual WitchsFest USA

We wish to thank you all for joining us this weekend and for being the amazing human beings that you all are. As a people in general we are proud that we live in a city and country like NYC & USA that allows us the right to put on and be part of events like this. Thanks to our Presenters, Performers, Psychics, Information Groups and Vendors.

The purpose of WitchsFest USA is first and foremost to raise funds to purchase property to house the NYC Wiccan Family Temple. Thereby, aiding us in providing a permanent space for service for our many types of rituals/worship like any other church, temple or spiritual based religion allowable in this country. Open to pagans of all traditions and spirituality at large, where we can meet, learn, share and celebrate.

Our sincerest wish for us all:

- To foster a more united pagan community within all of our many cities around the United States.
- To create a more stabilized base for the NYC Wiccan Family Temple, our Guests, Celebrants and Members.

Since its inception in 2012, I am so proud to say that each year we are seeing more and more of the many pagan groups learning to accept and treat each other with great respect and standing in solidarity in support of one another.

*Magical Witchy World*

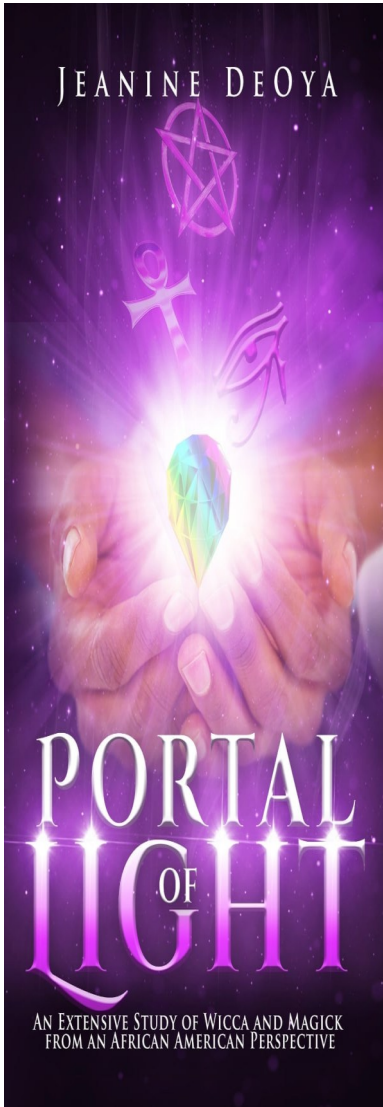

A child with large, pointed elf ears and curly red hair is the central focus, playing a wooden flute. The child is shirtless and has a small white feather tucked into their hair. The background is a dark, misty forest with several ethereal, glowing fairies or sprites. One fairy is on the left, and two are on the right, all with long hair and translucent wings. The overall mood is magical and whimsical.

## Portal of Light: An Extensive Study of Wicca and Magick from an African American Perspective

*by Jeanine DeOya*

The burgeoning spirituality of Wicca and witchcraft has become more popular than ever with people of color. Finally, there is a book which addresses this community. *Portal of Light: An Extensive Study of Wicca and Magick from an African American Perspective*, describes how people of color use Wicca and witchcraft in their everyday lives. It teaches what Wicca and paganism is and it has lots of information on magick. It also teaches the ethics of Wicca. This book also offers affirmations, incantations, anecdotes, poetry, and includes a Book of Shadows. This offering is inspired and based upon a well-received and established online course of Wicca for African Americans.

*Portal of Light*, is an educational look at Wicca. It examines and gives details about Wicca, paganism, witchcraft and other types of magick through the viewpoints of people of color. It also discusses a true detailed magickal life of a Wiccan who is a person of color. This study is chock full of so much information and history of Wicca and witchcraft, and it would be an ideal read for anyone who wishes to explore the realm of magick.
